

# Harvest 2023

## Equip people like Vavi to thrive

**This Harvest, stand with people like Vavi in Sri Lanka as they make a fresh start, free from leprosy and with a secure future for their families.**

£86 provides a family with the plants, seeds and tools they need to start a home garden where they can grow their own food. To help them as they get started, they will also be given food supplies for at least four months.

Together, we can help more families like Vavi's thrive.
