

Discrimination against those affected by leprosy is a human rights issue.

There are more than 130 laws in 24 countries that stop people living life to the full.

Leprosy is a disease of poverty.

People living in poor conditions with inadequate sanitation are more vulnerable to being affected.

Leprosy can be cured.

But lack of access to medical care makes it hard to find treatment and follow on support.

Leprosy is a leading cause of permanent disability across the world.

Left untreated, it can rob people of their livelihoods, and plunge them into poverty.

**Leprosy stigma and
discrimination excludes
people from social welfare,
work, and their communities.**

**It even stops children from
going to school.**
