

# Pray for children disabled by leprosy

When you hurt yourself, injuries can sometimes become so infected that your hands or feet are disabled. Special reconstructive surgery can help, but many young people lose a leg, and have to learn to walk with a prosthetic.

Four million people around the world live with a disability caused by leprosy.

**Dear God,**

**Please help children who are disabled by leprosy. Please help them as they move about at school and at home. May they know they are made in your image and that you never stop loving them.**

**Amen**
